## Gas-Fired, Air Handling Units and Infrared Heaters for Commercial and Industrial Applications

### BANANZA® B-SERIES

#### DIRECT- FIRED AIR HANDLING UNITS

- 1,000 to 60,000 CFM.
- Upright and horizontal configurations.
- Choice of outdoor air/return air arrangements.
- All models ETL certified in United States; 100% outdoor air model only ETL certified in Canada.

### BANANZA® BMA-SERIES

#### INDIRECT- FIRED AIR HANDLING UNITS

- 3,500 to 57,000 CFM.
- Upright and horizontal configurations.
- Choice of outdoor air/return air arrangements.
- Evaporative and mechanical cooling available.
- All models ETL certified in United States and Canada.

### BANANZA® SPRAY-CURE™ HEATERS

- 1,000 to 60,000 CFM.
- Pre-wired and fully assembled.
- Versatile design assures easy setup and smooth integration into any spray booth system.
- Horizontal and upright configurations.
- All models ETL certified in United States and Canada.

### BANANZA® BAR-SERIES

#### INDIRECT- FIRED AIR TURNOVER UNITS

- 4,500 to 100,000 CFM.
- Upright indoor configuration.
- System can achieve temperature differences as low as 3°-5° F throughout the space.
- Mechanical cooling available.
- All models ETL certified in United States and Canada.

### BANANZA®

#### LOW-INTENSITY, UNITARY INFRARED HEATERS POSITIVE PRESSURE BANANZA® BH NEGATIVE PRESSURE BANANZA® NP

- 40,000 to 200,000 Btu/h.
- Design flexibility with L- and U-tube options and broad range of burner sizes and tube lengths.
- Clean, quiet, draft-free comfort.
- All models CSA certified in United States and Canada.

### BANANZA® UHA-SERIES

#### AXIAL FAN TUBULAR UNIT HEATERS

- 30,000 to 400,000 Btu/h.
- 82% efficiency with tubular heat exchanger and power vent.
- Non-separated or separated combustion units.
- Remote fan operation for summer air circulation.
- Vertical air distribution; horizontal air distribution available with optional vertical louvers.
- All models CSA certified in United States and Canada.

#### Installation Code and Annual Inspections:

All installations and service of BANANZA® equipment must be performed by a contractor qualified in the installation and service of equipment sold and supplied by Bananza and conform to all requirements set forth in the Bananza manuals and all applicable governmental authorities pertaining to the installation, service and operation of the equipment. To help facilitate optimum performance and safety, Bananza recommends that a qualified contractor annually inspect your BANANZA® equipment and perform service where necessary, using only replacement parts sold and supplied by Bananza.

**Further Information:** Applications, engineering and detailed guidance on systems design, installation and equipment performance is available through BANANZA® representatives. Please contact us for any further information you may require, including the Installation, Operation and Service Manual.

**These products are not for residential use. This document is intended to assist licensed professionals in the exercise of their professional judgement.**
